No. 1561/3V. dated 7th February 1939
of 1938.

Sir,

Subject. Epidemic- small pox- in the district.

.....

In the control of the recent epidemic of small-pox in South Kanara District, great difficulty was experienced in the vaccination and re- vaccination of Gosha women on account of their objection to getting vaccinated by men vaccinators. The deputation of Women Medical Officers for vaccination work referred to in the enclosure to this Office D.No. 43/V dated 31.10.38 has since been found to be attended with numerous administrative difficulties besides interference with the routine hospital work. In view of this, I would point out to you the necessity of including at least one woman vaccina-tor in the vaccination staff.
